

## Kellogg Community College

Curriculum Guide for Transfer to: **Michigan State University**  
Curriculum: **Engineering**

### Transfer Admissions Criteria to MSU

Admission as a transfer student is based on consistent academic performance, including all grades, courses, and attempts at all previously attended institutions. Applicants with a GPA below 2.0 are not admissible. Admission consideration is stronger for applicants who have completed 28 or more credits and meet the following criteria:

- o 3.0 GPA or higher.
- o Completion of one year of English composition equivalent to Michigan State's Writing, Rhetoric and American Cultures course Writing: Science and Technology (WRA 110). At KCC, ENGL 151 & 152.
- o Completion of a math course equivalent to MSU's College Algebra (MTH 103) or higher. At KCC, MATH 124
- o Students wanting to transfer to MSU should complete the Lower Level Integrative Studies courses.
- o When applying to MSU, GPA's will be recalculated including: all courses, all attempts, and all colleges.
- o "C" grade will transfer if overall GPA from transfer institution is at least a 3.0.
- o Students who transfer 42 or more credits must select a major.
- o Transfer students are encouraged to apply at least six months prior to their desired semester of enrollment. Decisions are typically made eight to 12 weeks after all application materials are received.

### Admissions Criteria for College of Engineering majors

Applicable to students interested in majoring in bio-systems engineering, chemical engineering, civil engineering, computer engineering, computer science, electrical engineering, materials science and engineering, or mechanical engineering.

The College of Engineering encourages transfer applications from high-achieving students with demonstrated excellence in math and science. To be considered for direct admission into a major in the College of Engineering, applicants must have an overall 3.0 GPA and similar strength in math and science courses; however, meeting the minimum requirement does not guarantee admission, which is competitive and based on available space.

- Minimum GPA of 3.0 is required for all majors.
- Major in Computer Science requires Language C++ and no Chemistry.

For further information, please contact MSU's Office of Admissions and Scholarship, or consult MSU's Engineering Internet pages at: <http://admissions.msu.edu/admission/transfer.asp>

<b>College: College of Engineering</b>	
<b>Majors: Bio-systems, Chemical, Civil, Computer Engineering, Computer Science, Electrical, Engineering Arts, Engineering Mechanics, Materials Science and Engineering, and Mechanical</b>	
<b>Michigan State University</b>	<b>Kellogg Community College</b>
<b>Minimum Course Requirements from Integrative Studies</b>	<b>Equivalencies</b>
IAH 201 (required for all MSU students)	ENGL 151 & 152 with HIST 103 or 104
MTH 103	Math 124
<b>Transferable Courses in MSU's Engineering Core</b>	<b>Equivalencies</b>
MTH 132 & 133	MATH 141 & 142
MTH 234	MATH 241
CEM 141 and 161L	CHEM 110
PHY 183	PHYS 201
CSE 131	No Equivalent

Revised 5/10/07
