

Northern Michigan University

Kellogg Community College Biology / General Emphasis, B. S.

NMU's Biology Department offers three separate majors: Biology, Zoology, and Biology/Secondary Education. Students completing a Biology major have the opportunity for further specialization which best prepares them for their desired professional career by choosing from one of four concentrations (emphasis): General Biology, Ecology, Microbiology, and Physiology.

This transfer guide displays required courses for NMU's B.S. degree in Biology/General Emphasis. This emphasis provides an opportunity for a diversified background in biology, applicable to a wide range of introductory positions of employment in business and industry, hospitals, universities, the military, and government. It also provides excellent preparation for graduate work in biology or related sciences.

Note: Students planning to pursue a different Biology emphasis (Ecology, Microbiology, or Physiology), Zoology, or Biology/Secondary Education should refer to the appropriate transfer guide when selecting courses.

Other Graduation Requirements:

1. Students can fulfill NMU's **world cultures** requirement by completing one of the following while at Kellogg Community College: ANTH 200, HIST 260, LITE 205, or LITE 206
2. At least one course in the Liberal Studies Program must be at the **300-level or above**. This requirement can be completed before attending the university if the transfer student selects a course that transfers at that level. At Kellogg Community College, the following courses meet this requirement: ART 213, LITE 205, LITE 206, LITE 211, or LITE 212

Note: The transfer credit information provided reflects the current evaluation of courses from this college. Changes will occasionally take place at NMU and your college, so the information provided in this guide is subject to change. Students should contact an NMU transfer admissions counselor to keep informed of these changes. Final responsibility for verifying all transfer information lies with the student; a transfer guide is not intended to be a contract with NMU.
