*= Students transferring to Olivet College as a Music Major or Minor must take Music Theory and Aural Skills placement tests. If they successfully complete the test then credit can be given for theory and aural skills classes taken elsewhere.

A= All Music Majors at Olivet College must take 8 credits of private music instruction. Upon audition to the Music Program, it will be decided by the music faculty the number of credits a student can transfer from another institution.

1= Music History is given in 4 semesters at Olivet College and therefore divided differently than those in 2 semesters. Students will be given a Music History Placement test to determine what history courses they should take.

2= If a student comes to Olivet College with a special topics course from another institution, the faculty will determine by the class content, the equivalent course in our curriculum if any.
