SOCI 201	Introduction to Sociology	

FIRE SCIENCE		Status
EMT 120	Basic EMT Didactic	
EMT 121	Basic EMT Skills Lab	
EMT 122	Defensive Emergency Driving/All Safe	
EMT 123	Basic EMT Clinical Internship	
FISC 102	Firefighter I and II	
FISC 110	Fire Prevention	
FISC 111	Building Construction	
FISC 112	Fire Service Tactics	
FISC 210	Fire Cause Determination	
FISC 211	Instructional Techniques	
FISC 212	Incident Management	

The Fire Science program is jointly offered by Kellogg Community College (KCC) and Kalamazoo Valley Community College (KVCC). KVCC serves as the administrative host for the program and confers all Fire Science certificates and degrees. Required general education classes can be taken at KCC, transferred to KVCC and applied toward graduation. Contact a counselor at KVCC for transferability of classes from college other than KVCC or KCC. Students must apply for admission to KVCC prior to transferring transcript from other colleges. As you near graduation, you are strongly encouraged to meet with a counselor at KVCC.

FIRE 102 – Firefighter I & II is typically offered in the spring/winter semester. The eligibility process for FIRE 102 is conducted during the fall semester. Students wishing to pursue Firefighter I & II certification must contact the Fire Science Program Manager, preferably in early August.

The program can recognize a limited number of training certifications issued by the state of Michigan and the state of Indiana. Students possessing state certifications should contact the Fire Science Program Manager at (269) 488-4202 for transferability.

Though the Fire Science Program is not designed as a transfer program, it has transfer capability into the Open-Learning Fire Science program of the National Fire Academy, Spring Arbor College's Management of Human Resources, and Lake Superior State University. Check with an academic advisor about transferability of Fire Science to a baccalaureate program.

For more information on the Fire Science Program, call (269) 4884202, email [fire@kvcc.edu](mailto:fire@kvcc.edu), or visit our website at <http://puma.kvcc.edu/fire>.
