Explanation of Financial Support

This information is required for all students planning to enter the United States. It is required by KCC in compliance with regulations set forth by the U.S. Department of Homeland Security Bureau of Citizenship and Immigration Services. The U.S. Consulate Officials require evidence of financial support before a visa is granted. It is recommended that students make and maintain copies of all documents submitted to the college. Documents submitted to KCC become part of the student's record and cannot be returned.

Students are required to submit evidence that they will have the funds necessary for the entire length of time they plan to study at KCC.

(continued on back)

Tuition Payment Guidelines

- Tuition for classes must be paid by the student prior to the beginning of classes.
- KCC does not hold classes for students while waiting for the funds to arrive from abroad.
- Any F-1 student will be expected to pay the International tuition rate for the duration of their schooling at KCC, or as long as their Visa status is F-1.
- Any form of payment that is issued to the College and is denied will require a cash payment within three days of notification.
- Failure to pay will result in the student being immediately dropped from his or her classes, and their F-1 Visa status may be terminated.

Summary of INS Regulations for F-1 Students

In compliance with the United States Immigration and Naturalization Service, (INS), International students are required to carry no fewer than 12 credit hours each semester. International students have two semesters to achieve a 2.00 grade point average (a "C" average) with a minimum of 12 credit hours per semester. Failure to meet these regulations may result in dismissal from the College, and notification to INS that the student is out of status.

Students changing their address are required to submit their new address to INS and to the KCC Admissions office within 10 days of the change.

Any student wishing to leave the country either for travel or vacation must have the back of their I-20 (page 4) endorsed by the Designated School Official no more than 5 days in advance of travel. It is the responsibility of the student to make sure that the I-20 has this signature. The student will be permitted to leave the country, but without the signature, re-entry may not be granted.

Detailed regulations are available at the US Citizenship and Immigration Services website at www.uscis.gov.

Transfer Students

In addition to the above required documents, you will also be required to have your current Institution's Designated School Official complete the Transfer Eligibility form. A KCC I-20 will not be issued until all forms have been received and evaluated.
