Total: $1,750,000 | Tuition $_______  
Millage $865,000  
Bond Proceeds $_______  
Donations $700,000  
Federal $185,000  
Other (specify) $_______  
Total: $1,750,000 |

2. |

---

1 This amount shall be calculated by dividing the amount of tuition revenue that is annually budgeted for the institution's share of a project’s cost by the most recent fiscal year equated student count for the institution.
Instructions:

1. Projects shall be reported on this standard form and submitted to the Joint Capital Outlay Subcommittee, the fiscal agencies, and the State Budget Office on or before June 30 and December 31 of each year. Submission to the above parties shall be accomplished by posting the reports on the institution's website under the "Budget and Performance Transparency Reporting" section. If an institution has no projects to report for a six-month period, enter "None" next to "Number of Projects to Report" located on the top of the form.

2. Reports shall include all contracts entered into for new construction of self-funded projects costing in excess of $1,000,000.00. Projects funded by State capital outlay appropriations are not to be included in these reports. Once submitted, a project does not have to be listed in any subsequent report, unless a change in project cost has occurred. In such case, the subsequent use and finance report shall clearly state that the project cost has changed, listing the dollar amount of the change, and including reasons for the cost change.

3. New construction includes land or property acquisition, remodeling and additions, maintenance projects, roads, landscaping, equipment, telecommunications, utilities, and parking lots and structures.

4. Project Description should include a basic overview of the project including the purpose and justification for the project.

5. Reports shall detail by amount the funding sources that are supporting a project (e.g. tuition, fees, bond funds, millage, donations, etc.).

6. Penalties: Statutory language in the appropriation act for Universities and Community Colleges provides that institutions shall comply with the current use and finance requirements of the Joint Capital Outlay Subcommittee and provides for a 1.0% reduction in State appropriations for each violation.
