Become an Entrepreneur!
Entrepreneur Camps for Students in Grades 3-8

Learn how to become an entrepreneur by actually starting a business!

You will learn about business ownership and what it takes to become an entrepreneur by imagining, creating, doing, and reflecting on your own experiences. Working in teams, you will take on the challenge of re-designing an already existing product and think about how to market your new and improved creation to customers.

Age-appropriate activities are designed so you will learn the elements of business ownership, including business plan development, production, pricing, marketing, selling and customer service. Throughout the week campers will operate their own businesses and sell their product(s), while exploring their personal interests, talents, abilities, and discover if being an entrepreneur is their future career path.
