Not sure what questions you should ask while attending College Night? Here are some suggested starting questions:

- What are the admissions criteria for your school? Are there different criteria for specific majors?
- Is there something in particular that your admissions readers look for when evaluating applications?
- Is your school test optional, or is the ACT/SAT required?
- I’m interested in the [insert major], can you tell me about this particular major?
- Do you admit students based on which major they have chosen? Are there particular programs that are more competitive than others for admission?
- What resources are available if I’m not sure about my major. How does your school help a student explore major and career options?
- What is the process to change majors once at your school?
- How accessible are the professors outside of class?
- What extracurricular options exist for students?
- What are the options available for intramural and club sports?
- How involved are students in the local community?
- Can you tell me what you enjoy most about the city/town/area where the school is?
- What are the housing options available? Are students required to live on campus as a first-year student?
- What kind of safety measures protect the campus?
- What kind of support services are available to students?
- How common is it for students to receive financial aid or scholarships?
- Are there any major-specific financial aid or scholarship programs?
